

Manual Geometric Correction of Landsat-7, Enhanced Thematic Mapper Plus

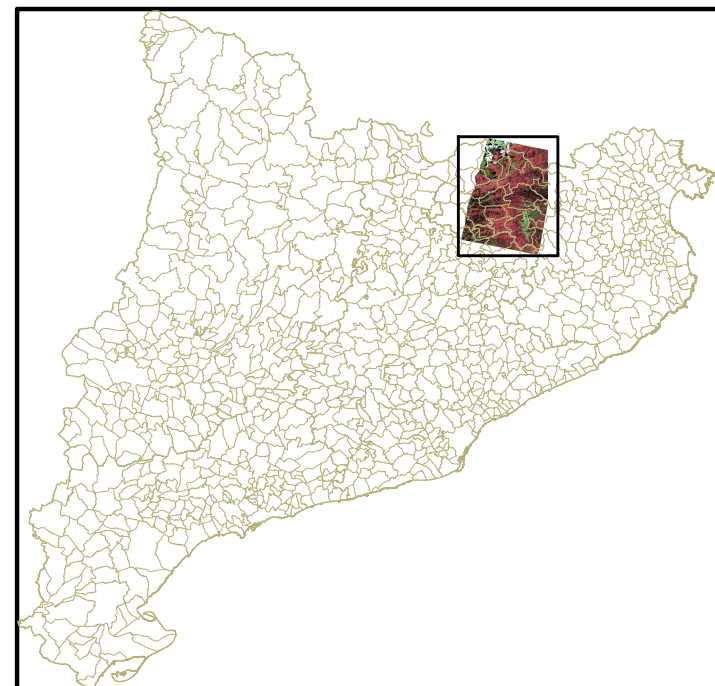

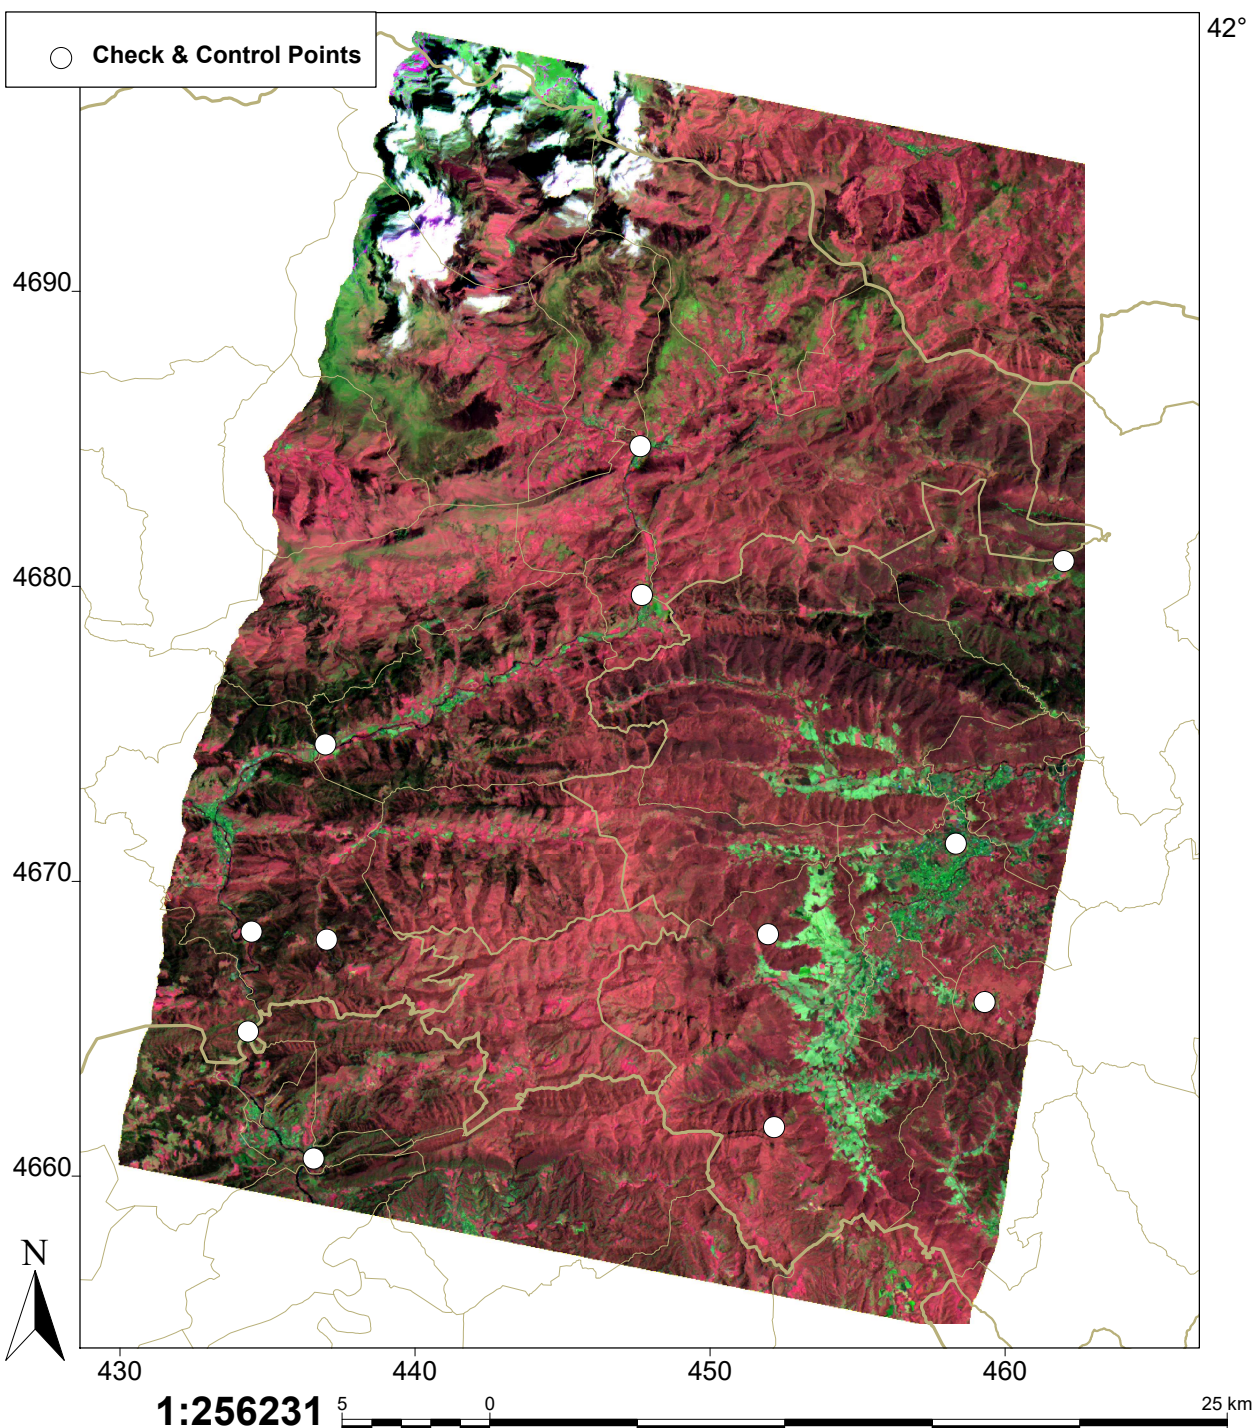

30-06-2002

2° 35' 37.0"

Author: Christopher Jose Pintado Sacquirin

42° 26' 47.3"

○ Check & Control Points

Reference System UTM zone 31
Northern Hemisphere with ETRS89
datum

The correction of the image was conducted through the manual placement of check points, control points, and tie points, sourced from various cartographic references. These references include an orthophoto from the Plan Nacional de Ortofotografía Aérea (PNOA)
